## 'Witch's Wake' to be held next Friday at Palo Alto Center

Witches are expected to ride their brooms, and goblins are to haunt the Palo Alto Community Center, next Friday evening from 8 p.m. to 12 p.m., the evening of Foothill's Halloween Dance, according to Dave Green, chairman of the affair.

Costumes are mandatory; no person will be admitted without one. Prizes will be awarded for the most humorous, the most original and the best costumed couple. Costumes will be based on originality and all around appearance.

The music will be supplied by the Continentals, a local band under the direction of Rudy Uribe. The Continentals are a five-piece band with a

### Clubs face banishment

Seven Foothill College clubs are on the verge of being dissolved for failure to attend Associated Organization Council (A.O.C.) meetings.

Tom Fagundes, A.O.C. chairman, cited the Riding, Ski, Writing Roundtable, Veterans, French, Philosophy and Newman clubs for absence at A.O.C. meetings.

Fagundes stated, "These clubs cannot be effective in student council unless they attend A.O.C. meetings." A.O.C. secretary Marquisa De Lamater explained that clubs have a duty to attend these meetings, otherwise student government is meaningless.

vocalist. They have played for many private parties in Los Altos, Palo Alto, Menlo Park and Woodside.

"Witch's Wake" will be stag or drag, a girl ask boy or boy ask girl. Anything goes! Admission is \$1.25 stag and \$1.50 a couple. Tickets are now on sale in the main lobby from 10 a.m. to 2 p.m., or they can be purchased from any member of the sponsoring clubs.

Dave Green, past president

of the Newman Club, and Sam Bishop, president of the Music Council, have been named chairmen of the dance. This Halloween dance is the first of three big dances scheduled for Foothill this year. There are two more dances planned. They are the Christmas Formal, to be held on December 21 at the St. Francis Hotel in San Francisco, and the Spring Formal, which is being planned for April 30.

### Foothill's going connoisseur

## French cuisine at union Wednesday

Flavors of France will head the Student Union's menu on Wednesday. The continental cuisine will be served by Foothill's French Club.

The club has planned the event with the hope of raising sufficient funds to send a student to France as an experiment in international living. The student selected will be chosen by the Student Council.

## Monterey trip cost council \$150

One hundred and fifty dollars was lost when Foothill's student council underwrote a dollar for each of the first 225 tickets for the Monterey rooters train last Saturday.

When the train got to Monterey, students dispersed for dinner at various restaurants along the waterfront.

The train left Monterey at midnight and arrived in Palo Alto at about 2:30 a.m.

## Rallies lack support; Dougan says interest nil

"Rallies are only as good as the students make them," was the statement made by Carman Dougan, counselor in charge of rallies, about Friday afternoon rallies.

He said that "the kinds of rallies that should be done in college require a lot of effort and time on the part of those involved. It is certainly reasonable to expect that, in the light of this, there must be indication from the student body as to whether or not they want rallies and will support them."

He stated some of the problems facing the rally committee this semester as the following:

"When to have them; from the standpoint that many of the students leave the campus at or before the time selected for the rallies. This is a big problem. Second is the physical facilities here at the college which have to be used for such events.

"Possibly another fact may be that the students are more interested in feeding the inner man, rather than attending such and affair. If this is the case, the rally committee would encourage students to tell us about this."

Dougan continues by saying that "I am sure that anyone who has seen any of the games played so far this year is justly proud of the students who represent us on the field. It seems rather obvious that the remainder of the student body could and should project enthusiasm throughout the school."

"I believe that the enthusiasm and spirit engendered on the trip to Monterey are just a sample of the kinds of things we all want to see develop and grow at Foothill."

In conclusion, he urges all the students at Foothill to let the members of the rally committee know their feelings and indicate to them what part they can play in working toward this end.

### Frosh writing charter

Foothill's first freshman class officers are now working on the first freshman constitution. The class constitution committee held its first meeting this Wednesday.

The committee consists of John De Lamater, president, Marcia Welsh, secretary, Pegi Wyatt, vice president, Don Fleming, treasurer and eight volunteers.

## Board selects second site; names Zweng

Foothill's Board of Trustees voted to purchase a 100 acre land parcel for \$1,517,560 to house the second new campus on Stevens Creek Rd. in Cupertino.

Tuesday night the board decided to purchase the E. F. Euphrat property for the second campus to be built ten year from now. The district will be making annual \$100,000 payments for ten years, with the first payment being \$200,000.

The cost includes all improvements, such as the plantation style home with sunken pool and patio, as well as an old winery and a reasonably new barn.

Covered in other business at the meeting was the appointment of Dr. Christian Zweng will replace Judge Robert Peckham. Dr. Zweng is also a Palo Alto city councilman.

The district business office reported that the following amounts were spent in the cities indicated. Palo Alto \$2,664.24; Mountain View \$3,859.28; Sunnyvale, \$3,797.64 and Los Altos, \$2,110.39.

Varying from the agenda, Dr. Calvin C. Flint, president of Foothill College told the board that the rooters train which went to Monterey, was one of the biggest successes he had ever witnessed in junior college activities. He praised not only the students but also the faculty advisors.

Dr. Flint said "The students who went to Monterey on the train were the best behaved college students I have ever seen. They conducted themselves in an adult manner and were an excellent credit to Foothill."

### Letters to editor box for constructive tidbits

Letters to the editor may now be left in the new letters to the editor box outside room 107.

Any letters to appear in the paper must be signed. The signature does not have to appear in the paper if so requested. The editors welcome any worthwhile comments or criticism which is of value or interest to the student body.

## Press club names Bob Reeve chief

Press Club has elected all freshman officers. They are Bob Reeves, president; Ken Sickelsteel, vice president; and Janet Michelsen, secretary-treasurer.

Washington born, Bob Reeves is a graduate of Fremont High School.

Ken Sickelsteel is a native of Los Altos and a graduate of Los Altos High School.

Janet Michelsen, born in Burlingame, is a graduate of Sunnyvale High School.

ON THE AIR — Bob Ballou speaks the first official words on KFJC.

(Photo by Charlie Henderson)

### Hark, KFJC has arrived

## Basement broadcast hits air

Foothill's new educational FM radio station, KFJC, went on the air Tuesday evening at 8 p.m. on 88.5 megacycles.

A one week delay in beginning broadcasting was necessary when the Federal Communications Commission approval had not arrived by Tuesday, October 13.

According to Bob Ballou, station manager, the first evening was devoted to a dedication and preview of the shows to come on KFJC.

The station will normally operate between 5 p.m. and 7 p.m. Monday through Thursday.

This Tuesday evening's highlights included an opening address by Foothill President, Dr. Calvin C. Flint. Other guests speaking were Ervin L. Har-

lacher, chairman of the Mass Communications Division; Dr. H. H. Semans, dean of instruction; Dr. Nathan Boortz, director of Technical Education; Arla DeHart, dean of students and Bill Wiedman, student body president.

Following the welcoming speeches, Ballou introduced his staff to the listening audience. The staff, which was selected three weeks ago, consists of Roy Ruth, program manager; Roger Murray, traffic manager; and announcers, John DeLamater, Susan Hochman, Fred Kulick, Jacqueline Nichols, and Bruce Wentler.

Each staff member aired a short production of the program that he will be responsible for.

Regular programming began

Wednesday with Keyboard Concert, Opera, and Foothill in Review.

### Roizen to speak on Russia next Friday

Joseph Roizen, part time instructor in the electronics division at Foothill, will speak on "Understanding Russia" next Friday noon in the college court.

Roizen will recount the impressions that he formed in Moscow when he was working for the American National Exhibit as chief engineer. The exhibit was held this summer as part of the cultural exchange program between Russia and the United States.

The speech is sponsored by the Political Science Club here at Foothill.

## Editorial

## Cheers no lacka da boom now

YEA PLOWY . . . BOOM RAH RAH . . . RADADE BOOM . . . YEAAAA . . . WE'VE GOT THE COACH . . . WE'VE GOT THE TEAM . . . WE'VE GOT THE STEAM . . . but whatza matter wit do cheerleaders, pom pon gurlies and pep band?

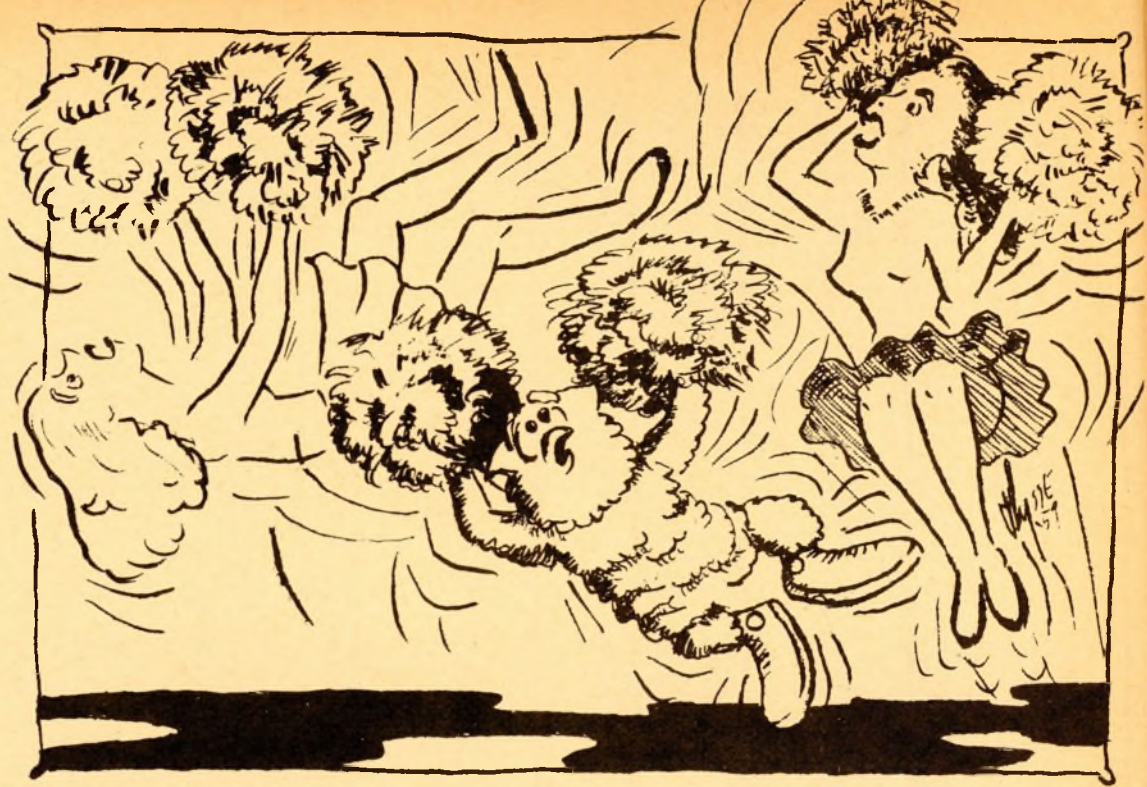

HIP HIP HOORAYAAA . . . YEAAAA TEAM GO GETUM . . . WHO WE GONNA . . . BOOM RAH RAH . . . whatza matter wit da cheerleaders? I dink der tired.

SOMEONE IN TE CROWD YELLIN PASS THE . . . HOORAY HIP HIP YEAAAA . . . RADADE BOOM . . . YEAAAA . . . WE'RE FROM . . . but whatza matter wit da pep band? Dey sound pooped.

YEAAAA . . . BACK UM UP . . . STACK UM UP . . . SEND UM BACK FOR MORE . . . HIP HIP HOORAY . . . RADADE BOOM . . . but whatza matter wit da pom pon gurlies? Dey must dink dis is Cape Canaveral, dey can't get der feet off da ground.

RINKY TINK . . . BING BANG . . . WE WANTA . . . HIP HIP HOORAY . . . HITUM HARDER . . . but whatza matter . . .

Pardon us sir, but evidently you did not participate in the verbal support which was present at the Monterey game. Truly an outstanding change.

## Appropriate choice causes doubt

Will Student Council's next move be an appropriate music for appropriate students code.

Following the Diablo football game Foothill's Ski Club sponsored a dance. According to student reaction it was a success.

When the dance report came up in Student Council, it received strong criticism. One of the main reasons was the dance music.

Objections to the music were based on an "inappropriate for college dance" theme. We feel criticism was offered in a very unfair manner, and was dominated by the personal opinions of a few rather than the choice of the majority.

We, too, may not like popular music, and we agree whole heartedly that pops are not appropriate for many college affairs. This was not a formal gathering. It was a gathering of ordinary college students who know what they wanted and enjoyed what they received.

Congratulations to the Ski Club and Larry Bennett, their president, for a fine job.

## Old levis and all

## Bill Wiedman's one man show

By Jim Johnson  
DISCOURSE DEPT. . . . Student council has turned into a one man show. Bill Wiedman seems to think that it is his duty to fully explain everything in detail himself. By the time he finished with his discourse on the clothing code two weeks ago, most had forgotten their own arguments.

ARGUMENT DEPT. . . . With all the talking going on in Student Council not enough is on worthwhile subjects. Last Thursday much time was taken discussing the price for the upcoming Halloween party. Granted most of the discussion was worthwhile, but the problem could have been given back to the clubs to work out. Getting back to the talk dept., JOHN DELAMATER seems to do quite a bit himself.

PROBLEM DEPT. . . . One point brought out at last Thursday's Student Council (by many), was that drinking would not be allowed on the Monterey Rooter's train. This should be stressed for all future social events. Foothill gets nothing but a black eye from such immature behavior.

PRAISE DEPT. . . . ANN NIMOCKS has done an outstanding job of getting posters out and organizing that Dept. . . . Generally BILL WIEDMAN is doing a good job of keeping Student Council meetings organized.

CHILDISH? . . . While on the subject of BILL WIEDMAN one more comment should be made. The Friday after the clothing code was passed he showed up in an old pair of Levi's. Kinda childish, maybe?

## Union board organizes, sets time for meetings

Organization and setting a regular meeting time were the main business discussed at the year's first meeting of the Student Union Board. Meetings are to be held the third Tuesday of each month.

The members, consisting of four faculty members and four students include:

Chairman, Arla DeHart, director of student activities, Dr. Joan Seavey, executive officer, James Jones, Faculty Association representative, Walter Maus, student body president, Bill Wiedman, student vice president, Tom Fagundes, commissioner of finance, Ray Crump, and commissioner of activities, William Oxendine.

## Students find jobs in placement office

Foothill College has begun a student employment service through the office of John Freemuth, counselor. Freemuth has developed a card file record of part-time and full-time jobs available in this area.

Publicity for employment opportunities is given through Footprints, the Foothill Sentinel, and the bulletin boards.

Last year, Freemuth arranged for various employers to come in and talk to groups of interested students concerning opportunities in such areas as those provided by Pacific Telephone and Telegraph and United Air Lines.

Relations with the California employment Service were established and several students obtained employment as a result of this. Information was made available to students through the purchase of current directories that were placed on reserve in the library.

Expansion of this placement service is planned for this year. A part-time classified employee will work with Freemuth and Dr. Nathan H. Boortz during the year to develop this service further, especially in the technical operations.

THIS WAY—Ann Nimock, committee chairman, supervises poster production as Bill Fogleman and Pat Gilhausen work. (Photo by Bob Rayl)

## Poster people need help

## Committee makes posters at Foothill

Anyone tired of working hard and never seeing the results of their labors should try the Poster Committee, according to Ann Nimock, committee chairman. Anyone with some sharp ideas, can join.

For those who are interested, artistic talent is not needed, the committee needs people to work filling in stencils and lettering banners.

Members meet every Friday from 12 noon until 3 p.m. in room 200. If anyone would like to work at this or another time see Miss Joan Seavey, Kenneth Orrett, art instructor,

or Ann Nimock. Business meetings are also held twice a month.

So far, banners and posters have been done for activities such as football games and the Monterey train trip. Work is being planned for the Halloween dance and the Christmas dance.

Two new events have been added this year to the committee's plans, recognition pins are to be given to members who devote 25 hours of work during one semester, and a dinner for the committee is being planned at the end of the year.

## Russian history now offered in night class

History of Russia is now being offered for the first time at Foothill College. It is taught Tuesday and Thursday evenings by Dr. Rolland Rogers, previous head of the Western Civilizations Department at Stanford University.

The course, covering the political history of Russia from 900 A.D. to the present, is primarily upper division. The three units given for it at Foothill do not count as a substitute for requirements at most colleges.

Dr. Roth, who is teaching History of Western Civilization and History of Eastern Asia this semester, will be the instructor of a day course on Russian history next semester.

## Ski club does good

To the Editor:

What was with this last after game dance? It has been rumored that the only reason any one went was because of the success of the past two.

That charge of 15 cents for a coke was so far out of line that it was ridiculous. It would also seem that a more appropriate type of music could have been played. It should be remembered that it was a college dance. I believe this is the feeling of the more matur students around school.

The Ski Club should, however be commended on the job they did with such a short amount of time for planning.

Name withheld by request

## Editor's comments

## Harlacher gives info; Zen's the newest thing

THINK BIG. The administrators seem a little worried about the architect, Ernie Kump, who is working on the new campus design. You see, Ernie can't confine himself to a small budget. Consequently he is trying to build a 12 million dollar college with 10.4 million dollars. Oh well, they should know that you can't keep a good architect down.

★ ★ ★

SQUEEZE. In case anyone is interested in getting tangled up, there is a Boa-Constrictor in Benson Ellis's science lab.

★ ★ ★

POWER OF—? Mr. Ervin Harlacher, director of public information, has become by far the most enthusiastic news source on campus since the Sentinel assigned a new reporter to that particular beat. With a few more sources like Harlacher and a few more reporters like Miss Jill Papenhausen the college paper could go to press daily.

JC JINX. For those who haven't already heard, the initials . . . shhh . . . JC are unmentionables when speaking of Foothill College. That's why people can be seen looking at Bob Ballou out of the corner of their eye since he received the FM call letters, KFJC for the Foothill radio station. Bob claims he did the best he could to avoid this but to no avail, we are stuck with them.

★ ★ ★

SINCE YOU MENTION. When Dr. Roest asked the question in his Sociology class, Marriage and Family Living, are you satisfied with the dating situation here at Foothill, he provoked the oddest laughs from two of his younger female students. Incidentally, the boy girl ratio here is now approximately 3 to 1.

★ ★ ★

MOTTO FOR THIS WEEK. Don't wake that student next to you, he is practicing Zen.

Crusade for better life lost

# Arrival and ideas about the U.S.

The revolution was over. The brave Hungarians whose fight for freedom enlivened the hopes of suppressed people the world over, were choked by the Kremlin's mighty army.

There was no hope, according to a freedom fighter who is now attending Foothill College. She and her husband, along with thousands of others, were forced to abandon their crusade for a better life.

The flight from Hungary to Austria was their first step to freedom. In Austria, they boarded a plane to America. The thoughts that raced through their minds as they flew over free nations may never be learned by this reporter, but it would seem that they must have experienced happiness for the new life before them and distress from the old life behind them.

...Their plane landed in New Jersey at an Air Force base on Dec. 7, 1956. "It was just unbelievable to see American soldiers and the American flag," said the freedom fighter.

She and her husband were accommodated by the Air Force "... and for two days we ate from seven in the morning until nine at night. There was lots of good food," she exclaimed. "We had sheets, pillow cases, showers and beds. After the way we lived in Austria, this was really heaven. We felt like kings and queens."

A reporter from the San Francisco News flew to New Jersey and arranged jobs for the refugees on the West coast.

"When we arrived in San Francisco, we were greeted by the governor (of California), and the mayor of San Francisco. We even had a police escort to the Civic Auditorium where we had lunch.

After the reception, our sponsor took us to their home in Palo Alto. All the people were so friendly and helpful."

There was a marked difference in this new country of America. "In satellite countries, only the Communist party members could succeed. The patriot explained that, for example, admission to a college was based on your family background and not on your ability to meet academic requirements. She explained that you might apply to be a chemist and you would be placed in a general vocational school.

She continued that there was not justice or court system in Hungary. "In America, you can defend yourself, but in

Communist countries you can't. If there is the slightest rumor circulating that you have committed a political crime, they (the reds) would take you or a loved one away.

"In ten years you might get a letter saying that you could come and pick up the body of your husband. And through all this, you have to keep smiling and applauding Communism.

"We couldn't plan on the future, because we didn't know if there would be a tomorrow. We just thanked God for another day of life."

"I wish the Foothill College students, as well as all Americans could see the tragedy in Communist dominated countries and be aware of how fortunate they are to live in the U.S.A. I wish students would take college seriously and study hard. It's alright to have fun, but work comes first. They (the students) should study to learn and not only to pass a course.

"America needs valuable and well educated citizens. The country won't be able to progress as it has in the past unless the people work hard."

"If America doesn't keep progressing, and if Americans don't think about the country and maybe sacrifice, something to push the country ahead, America will stop. People think only about themselves and don't think ahead of whom it will affect.

"The Communists are counting on this type of behavior by U.S. citizens. Freedom is wonderful, but if you don't ap-

preciate it and use it in the right way it will do much damage. It is very sad."

She made one last comment. "In Hungary they showed us propaganda films of the degenerate American and their rock 'n roll. I always said 'don't believe the films.' But, when I came to America and saw that it was true about the rock 'n roll, I wrote a letter to my mother and said, 'Mother, those films aren't propaganda, they're true, and I'm doing it, too.'"

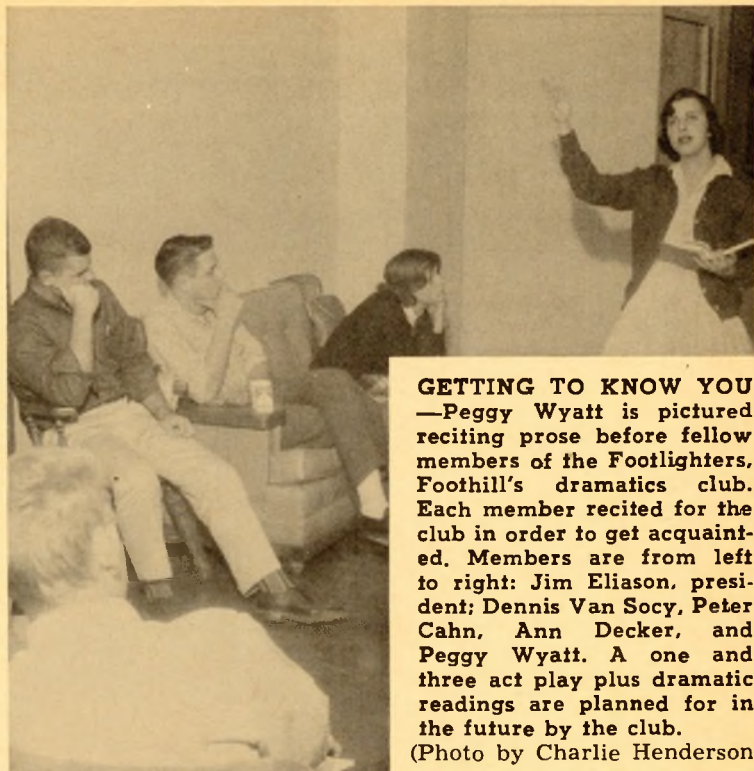

## Footlighters elect club executives

Jim Eliason is the newly elected president of the Footlighters, the drama club here at Foothill. His cabinet consists of three members. They are: Tom Barrie, vice president; Rosemary Hannan, secretary; Sheila Cohen, treasurer; and Bill Fogleman, publicity chairman. Donald Fraszter is the advisor.

The Footlighters meet three weeks of the month on Tuesday evenings at 7 p.m. and on the fourth Wednesday at 7 p.m. for a business meeting. The members have already presented small skits and plays at these meetings.

In the future they plan to give several productions, one of which will be a three act play and a coupe one act.

A committee composed of the club officers drew up the club constitution. The dues are \$2. a semester.

**GETTING TO KNOW YOU**—Peggy Wyatt is pictured reciting prose before fellow members of the Footlighters, Foothill's dramatics club. Each member recited for the club in order to get acquainted. Members are from left to right: Jim Eliason, president; Dennis Van Socy, Peter Cahn, Ann Decker, and Peggy Wyatt. A one and three act play plus dramatic readings are planned for in the future by the club. (Photo by Charlie Henderson)

## Foothill Counselors

### Introduction to College advice

Here are brief introductions to three Foothill Counselors. Dr. Joan Seavey teaches psy-

chology 40 classes plus Political Science 40. She is originally from Oregon and attended the University of Oregon, Oregon State, Columbia University, and received her doctor's degree at Stanford.

### Foothill sending scribes to meeting

Foothill College will send at least seven students to a junior college journalism conference at Sacramento City College, October 31.

Activities of the day will begin with the keynote speaker, Arthur Robinson, who writes a weekly column for the Sacramento Bee. Contests will be held on news writing, photography, sports writing, feature writing and headline writing. Judges have been selected from leading journalists on local newspaper staffs.

For those students not wishing to compete, discussion groups on business and advertising, yearbook organization, and the relationship of the press to the public, are being planned.

Following lunch, which will be served in the college cafeteria, the delegates may choose from five panel discussions which will conclude the day's activities.

Before coming to Foothill, Miss Seavey was dean of students and women at the Oregon College of Education for 12 years.

Malcolm Maxwell, who teaches psychology classes 40 and 33, is from Modesto and attended Modesto Jr. College and Stanford.

Maxwell's first teaching job was a year at Mountain View High and then seven years at Menlo-Atherton High School.

Miss Demitra Georgas teaches Psychology 40 and Sociology 30. Miss Georgas is presently attending the University of California. She was formerly a director of student activities and history teacher at Shasta College. Miss Georgas also attended Columbia University and Edinburgh University in Scotland.

According to Miss Georgas, the students and faculty at Foothill are of very good caliber.

## LITTLE MAN ON CAMPUS

"YOU KNOW VERY WELL WHAT SIGNALS!"

## Library little used during new hours, says Miss Martin

Changed library hours have not proved to be very successful, according to head librarian, Miss Betty Martin.

The new hours are as follows: 7:45 a.m. to 10 p.m. Monday through Thursday; 7:45 a.m. to 4:30 p.m. on Friday and 9 a.m. to 12 noon on Saturday.

The student usage of the library so far, has been an average of eight students during the added hours of 5 p.m. and 6 p.m.

The original requests for the change in hours, were initiated by the students of the Psychology 40 class.

# Owls to face Falcons; Vallejo slight favorite

For their third league match the Owl eleven returns home to take on Vallejo Junior College tomorrow night on Fremont High's Diesner Field.

Vallejo, which finished fourth in the five-team Coast Conference in '58 with a 2-3 record, takes a 4-1 season record into tomorrow's tilt. The Falcons' league record stands at one win and one loss. Vallejo lost its conference opener to Hartnell, 33-0, and won last Saturday, edging Menlo College, 36-32. Vallejo's other wins came over American River, Santa Rosa and San Francisco State JV's.

Vallejo, noted for its speed and size, has a balanced rushing and passing attack. Quarterback John Anabo, an outstanding passer, heads the Falcon offense. Anabo, who is 6'4" tall, will be the best passer that the Owls have faced to date.

Last week, the Soph signal-caller figured prominently in the Vallejo win over Menlo by firing two touchdown passes and picking up four extra points on a pass and a run.

At the Falcon halves are Clyde Huyck, Bob Reed, and Brian Briggs — all speedy. Huyck, at 5'8" and 170 pounds, has been the big rusher with an average of two touchdowns a game and an outstanding 8.7 yard average. Halfback Reed also has shown potential so far this season. In the Menlo game Reed accounted for two touchdowns with a 72 yard punt return and a 44 yard jaunt around left end. Mike Gibney at 185 lbs., holds down the fullback spot.

The Falcon line will outweigh the Owls man for man, from 5 to 80 pounds. The Falcons' line averages 215 pounds,

compared to Foothill's 180 pound average.

All-Conference choice in '58 left guard Claire Hawkins, a 6'4", 250 pounder is the Falcons' top man up front. Other outstanding linemen are tackle Roy Rodriguez, 6'3" and 225 pounds; center Bill McGrath, 6'0" and 205 pounds; guard Lou Stefani, 5'11" and 200 pounds; and 22 year old Dave Chaid, 6'4" and 210 pounds.

Coach Bill Abbey's Owls, who now possess a 1-1 league record, have been hurting at right halfback. John Finegold and Rich Wilkerson, Foothill's top right halfbacks, have both been plagued by injuries. Finegold had a shoulder pointer re-injured in the Monterey game, and Wilkerson is still having trouble with the leg he injured several weeks ago.

Cameron Dale still is the Owls' top ground gainer with 272 yards in 54 attempts for a 5.0 average. Jim Brown, who has averaged 3.6 yards in 47 carries, has been improving with every game. The 210 pound "blockbuster" was outstanding on both offense and defense in last week's Monterey game.

Quarterback Bill Munson, who had a touch of the flu, should be ready for tomorrow's contest. Munson leads Foothill in passing, hitting on 17 of 51 passes for 296 yards.

Except for injured guard Adam Jaworski, the Foothill forward wall is ready to pace the mighty Falcons.

Abbey's line is relatively small, but it has plenty of fight. Bill Furuoka and Jaworski are the first string guards. At the tackles are Dick Dalke and Harold Briar, both weighing 185 pounds. Holding down the regular end positions are Bob Shevard (190) and Bill Loftus (185). Mike Fritch is the center.

## Foothill intramurals

### Teams are formed for tournaments

Foothill is now represented by a good sized golf team for the up and coming golf tournament. On this team, there are 22 people in the inter-school play off. In the lead, so far are John Farrmino, Lee Pennel, Dick Goetz, Grant Inman, Stan Rose, Sam Bishop and Rudy Lira.

These people are the winners of the first round of competition.

### Coast conference football roundup

The Coast Conference football race, as of last weekend, sees Hartnell atop the league standings:

Coast Conference				
	W	L	PSF	PSA
Hartnell	2	0	61	0
San Jose	1	0	20	18
Foothill	1	1	37	44
Monterey	1	1	60	44
Vallejo	1	1	36	65
Menlo	0	1	32	36
Diablo Valley	0	2	2	41

Last week's league results: Hartnell 28, Diablo Valley 0. This week's games are as follows: Friday, San Jose at Menlo at 2:30 p.m.; Monterey at Diablo Valley; and Hartnell at Boise, Idaho.

In Big Eight Conference action, City College of San Francisco coasted to a 36-20 win over Santa Rosa Junior College at Kezar Stadium, Saturday. The San Francisco Rams are undefeated in league play and are favored along with Stockton to take the Big Eight Title.

The golfers are allowed to have teams and they may have a total of 4 members on a team. The games themselves are played at Palo Alto Municipal Golf Course.

Golf is not the only sport in progress at the moment. Archery is now being practiced on the Foothill football field. If anyone is interested in the practice or even going out for the tournaments, they have an invitation from Miss Windham, director of Intramural Sports. The archers will not only have the fun of shooting everything in sight, but they can take their chances at the big trophy that will be given to the winner of the tournament.

Bowling competition will be held at the Sunnyvale Indian Bowl. All of the contestants will leave Foothill's campus around 9:30 a.m. Equipment will be furnished by the Sunnyvale Indian Bowl. The ball may be used free of charge but the individual contestants must pay for shoes and three games.

The cost of bowling will be \$.50 per game and an added 15 cents for shoes. The total cost should not be over \$1.65.

The teams will consist of five bowlers each, two women and three men. The rules will be based on the D.G.W. Sports Guide. The competition will be based on total scores only. The system for scoring will be as follows; highest team to score will receive 10 points, second highest team to score will receive 5 points and the third highest will receive one point.

## 5000 fans witness Owls' loss

# Owls clobbered by MPC

Monterey's all-around speed, good tackling, and superb blocking proved to be too much for the Foothill eleven last Saturday. The Lobos handed the Owls their first defeat of the year, 42-24.

Played before 5000 fans on the Lobo field, the crowd witnessed Monterey grab the lead early in the first quarter and never relinquish it. Beaten only once in four previous outings, that by San Jose City College 20-18, Monterey was sparked by the running of Ed Esteban, the quarterbacking of

LeRoy Gutierrez, and the all-around hustling play of Larry Guilford.

The Lobos' offense, with Guilford, Esteban, & Gutierrez, providing the show, was the big factor in the game. Striking like lightning, Monterey's powerful offense racked up 434 yards and picked up 20 first downs.

Esteban, a short-stocky fullback, was the Lobos' big gun as he rung up 140 yards for an outstanding average of 12.7 yards per carry. He also scored two of Monterey's six touch-

downs with runs of two and 74 yards.

...Guilford, a 6'4", 195 pound end from Santa Clara, also tallied two six-pointers. The big end, who plagued the Owls on both offense and defense, tallied on passes of 40 and 32 yards. As a result of a penalty, an 80 yard kick-off return of Guilford was nullified.

Fiedl-general Gutierrez, who ran the Monterey offense to perfection, was the game's top chucker with 85 yards and two touchdowns credited to him.

Fullback Brown, who shows improvement with every game, was outstanding despite the team's loss. The Palo Alto totaled 57 yards in 15 carries for a 3.6 average. Brown, who recovered a fumble and intercepted once, gave the crowd thrills with his dazzling kick-off returns.

Monterey hit the scoreboard immediately after the opening whistle. After recovering a Brown fumble on the opening kick-off, the Lobos marched 52 yards in nine plays to score. Esteban, who carried the ball five times in the drive for 27 yards, scored the touchdown on a two yard plunge. Gutierrez then flipped to Benny Enea for the extra points and Monterey held an early 8-0 lead.

With six minutes remaining in the first period, the Lobos scored again. It took only four plays to go 70 yards, as Gutierrez hit Guilford over center for a 40 yard touchdown pass.

Foothill's first TD came at the beginning of the second quarter. The Owls, paced by the running of Brown and the passing of Bill Munson, marched 70 yards into the endzone for the score. Munson's nine yard fling, to end Bill Loftus on the five, set up the six-pointer. Two plays later, Brown smashed in to score.

Esteban's 74 yard run from his own 26 accounted for Monterey's final score before the half. Following Guilford's interception and runback to the 26, Esteban went through center and cut right to gallop down the sidelines unmolested.

The second half saw Monterey substitute freely. Foothill, however, didn't capitalize on this until the final stanza, when the Owls pushed across 16 points. The touchdowns which came within five minutes of each other, were scored on a nine yard run by Leo Hanley and a four yard burst by Cameron Dale.

The Lobo's didn't stand still either as they hit paydirt for 20 points. A 32 yard pass from Gutierrez to Guilford, a five yard run by Dennis Peavey, and a one yard plunge by Chet Broyles accounted for Monterey's three second half touchdowns.

Foothill	0	8	0	16	—24
Monterey	16	6	12	8	—42

LARRY GUILFORD SCORES—Big 97 was a "thorn in the Owls' side" throughout the contest as he caught two passes for touchdowns and plagued the Foothill offense with his rushes from the defensive end position. Guilford, an ex-Santa Clara, is shown here going for his second six-pointer after receiving a LeRoy Gutierrez aerial.

TRAIN ROOTERS—Here is just a portion of the 400 some odd Foothill backers that came down to the Monterey game by train. In this picture "The Gang" is rootin' it up following the the Owls' first touchdown.
