One hundred and seventy-five records have arrived for radio station KFJC, Foothill College, according to Bob Ballou, student manager.

The majority of the selections are classical, although some light and airy tunes are included.

A large selection of jazz records arrived in an earlier shipment. Included in the previous shipment were several mood and hi-fi records.

The educational FM station will have a total of 365 records this year. To date, 275 have arrived. Of the 365, about 225 will be classical; 75 jazz; 40 mood; 10 sound effect; and 15 educational lectures.

Ballou still hopes to begin equipment tests for the station before school adjourns on June 19. The educational FM station will go on the air in September.
