

Foothill 'Amazes' Visiting School Administrators

A group of local high school administrators who visited Foothill College were favorably amazed with progress in general, according to Erv Harlacher, director of public information.

Seven superintendents and principals from this area toured Foothill's campus Friday, Jan. 16 and appeared quite impressed with such things as standards, handling of student problems and resources available to the high potential student.

These tours, offered to high school directors, are all part of the college's campaign to keep Foothill in the minds of the graduating high school students.

Among questions asked by the high school officials was why students were allowed to play cards in the class room. The question arose after they entered the journalism room where there was a game in progress. It went unanswered.

Administrators who took part were: Dr. Russell Timpany, County Superintendent of Schools; Dr. Henry Gunn, Superintendent of Schools, Palo Alto; Dr. A. Blaine Huntsman, Superintendent of Schools, Mountain View High School District; James D. Laurits, Principal, Cubberley Senior High School; Ray P. Ruppel, Principal, Palo Alto Senior High School; John B. Wilkens, Principal, Los Altos High School.

College Dons Coat For New Semester

Foothill College will soon don a new coat of paint. According to George Castleberry, business manager, the painting of the exterior of the building will start next week. The painting is to be completed in 30 working days after that time.

The first bidder on the painting contract, the Wilson Bros. Painting Co. decided not to take the contract as it felt it had misbid on the estimate.

M. A. Vidal painting company has been given the new contract with a bid of \$4,817, just \$317 over that which the Wilson Company had bid in the first contract.

Five FC Students Attend Convention

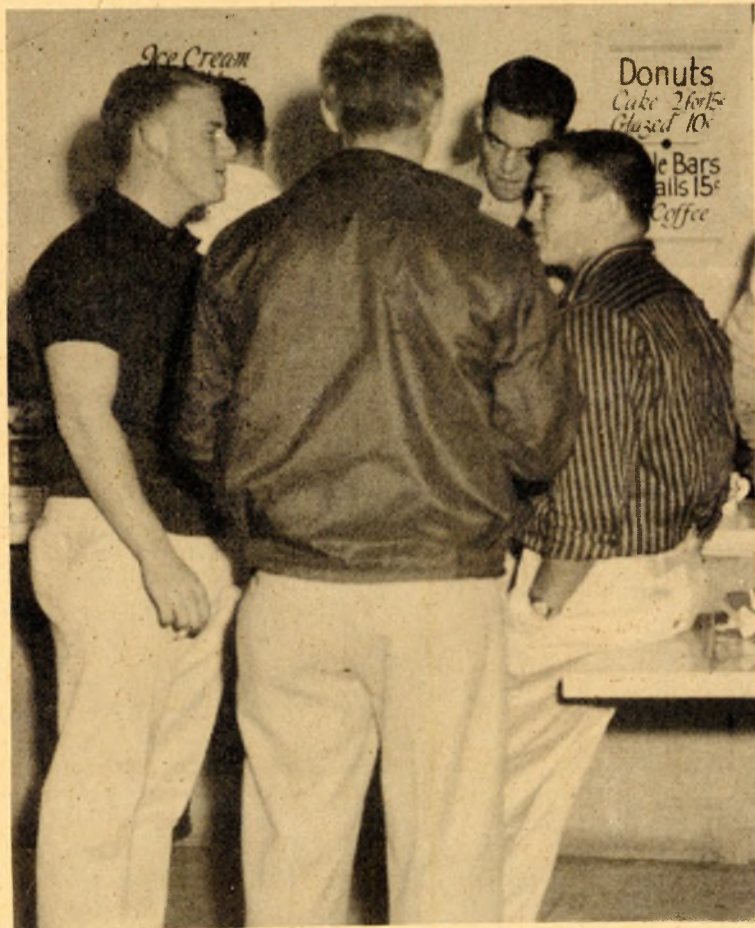

Five students will represent Foothill College at the California Newspaper Publisher's Association Convention at the Sheridan Palace Hotel in San Francisco on Feb. 6 and 7. The students will be staying at the Stewart Hotel in San Francisco for the two day conference.

The students are, Bob Siebenthal, sports editor; Barbara Titsworth, news editor; Marie Fiore, copy editor; Nat Alder, advertising manager; Dennis Britton, city editor.

This convention is the only one of the year in which college journalists meet with newspaper publishers and editors.

The convention will open with round table discussions on Feb. 6. Late Friday afternoon Fred Mendenhall, of Van Nuys News, will be host at a college reception enabling officers of CNPA to meet journalism students.

Finals Point Up

STUDY BOYS—It looks like Jim Rey, Harold Lesh, Marsh Armstrong, Doug Castle and Jon Hamann are holding a stag session, previous to the start of Final Exams.

Dr. Warren Alters Future Music Schedule

There will be a few changes in next semester's schedule concerning the band and chorus, according to Fred Warren, music instructor.

The Foothill band is changing its meeting time to 8 a.m. to 10:30 a.m. on Tuesdays and Thursdays instead of regular one hour meetings every day.

Like the band members, the chorus will be meeting only twice a week. This will be Tuesdays and Thursdays from 12:30 p.m. to 2:50 p.m.

Harlacher Speaks In Santa Barbara

Erwin Harlacher, Foothill College's Director of Public Information will address the American College Public Relations Association in Santa Barbara, Thursday, Feb. 5, 1959.

Harlacher will speak on the topics, Selling the Administration on Public Relations and Services of the College. The talks are scheduled for 1:30 p.m.

Dance Scheduled

Do you want to dance? Then keep your schedule open for the fourteenth of February.

The Social Committee is planning on holding a Valentines dance. Plans aren't definite as to where the dance is to be held.

The dress for the dance will be cocktail dresses and suits.

There will be a new course, Introduction to Music Literature offered by Warren. This course will deal with music from 18th century on to present, from Hayden to the growth and development of jazz in America.

An evening chorus will be held from 7:30 p.m. to 10 p.m. Warren said, "Everyone who wants to sing and enjoys singing is invited to join."

Sentinel Lifts Face

The flag (the nameplate at the top of this paper) was designed by Gary Mickelson for the editions of the Foothill Sentinel.

Gary is under the instruction of Mr. Kenneth Orrett in his basic design class.

FC Offers Elec. 56, Constructs Videotape

Among other new classes, a special course in magnetic recorders will be offered by Foothill College during the spring semester. The course will cover the design, construction, installation, and operation of both audio and video tape recorders, according to Joseph Roizen, instructor.

The class will receive a video tape recorder in a dissembled state. It will be assembled in the class and then turned over to the college. The main use of the machine will be for insight into how such a recorder will be use-

Lack Of Study Cramming For Exams Will Start Tomorrow

By Lee Fairchild

Signs of relief will probably be heard after the end of final exams this semester. The exams will cause a lot of coffee drinking and a few more evenings with No Doz and a few less with dates.

Finals start tomorrow preceded by a lot of cramming by the poor students (like myself) who didn't bother to get on the ball at the beginning of the semester.

Finals end, leaving some of us with a sadder but wiser viewpoint on how studying should be done. The students will probably feel the sting of conscience as the grades are posted and they start averaging grade points. By then it will be too late and the tears shed won't be much help.

Maybe I'm wrong and everyone is completely prepared for the final exams. It could be like that you know. If so, I'll offer apologies to the hard working students of Foothill College.

The thing that is surprising is that the registrar only expects 550 people to register for the next semester.

This would be a decrease of about 100 students from the enrollment in the first semester. Foothill College needs an increase, not a decrease in size.

This does not mean that Foothill College should be ashamed of the decrease, but more that the college needs something to hold its students other than academic standards.

Even the ASFC student council has been slowly dwindling away to nothing. This is bad because the members of the student council were elected by the student body to represent them for the full year.

The small number of students enrolling for next semester indicates that while the academic standards are high there is something lacking. What it is we must find out.

Trustees Attend National Meeting

Three members of the Foothill College Board of Trustees attended the National School Boards Association Conference in San Francisco Jan. 25 through 28.

The board members who attended this conference are Dr. Robert Smithwick, president of the board; Mrs. Mary Levine, Mr. Robert Peckman, clerk.

The purpose of the conference according to Carl B. Munck, president of the association was to bring together representatives of business, labor and government for discussion with school board members of the teaching profession on matters relating to the public schools.

The conference opened with an address by William G. Murray on "Unusual Men." Other speakers during the three day conference were: Adlai Stevenson, John B. Hull, James B. Carey, and Dr. James B. Conant.

Students Invited

Foothill College students have been invited to attend the Fairmeadow Folk Dancers Group, sponsored by the Palo Alto Recreation Department.

Enrollment Smaller As Students Drop

"Many students have dropped from college because of voluntary reasons concerning their academic work" explained Miss Carmelita Geraci, registrar. Five months ago Foothill College had 667 registered day students. This number has dropped to less than 500.

Other reasons given for dropping out were excessive absences, financial difficulties, and military obligations.

550 day students are expected to enroll for the next semester. At least 50 of these will be new or transfer students.

Enrollment in night courses will remain the same, about 950.

Board of Trustees Approves Program

The Board of Trustees has approved the program for Foothill's summer courses and submitted it to the Department of Education.

Foothill College's summer courses will be limited to six weeks, running from June 22 to July 31, 1959.

According to Dr. H. H. Semans, Dean of Instruction, the program will offer college credits.

USSR Books To Be Imported

Where is the natural place to get a Russian language text book? Russia, of course. And that's what the Russian language classes will be doing; getting their texts from the U.S.S.R.

James Jones, director of the book store and student union, was asking just where the books could be found. After looking various places, he found an importer in San Francisco who carried the particular books, so now the Russian texts are on their way to Foothill.

Foothill Sentinel

EDITOR'S COMMENTS

Foothill College Has Hopping Frog

Editorial Black Mark Here Caused By Thievery

Have the students of Foothill been checking their belongings lately? It might be a good idea to do just that for it seems that someone on our campus has been a little bit too possessive about other people's things.

The petty thievery started about the same time school did this year. It has continued, and it is no longer petty.

Last week the Polaroid camera that college had purchased was stolen from the office of one of the instructors while he was away from the room.

In an earlier theft someone entered the Public Information office and stole a wallet from one of the desks.

Just how much of this kind of thing has been going on isn't certain, but it is in the interest of every student in Foothill College to try to halt this type of action before the black mark it gives us will become too permanent to be erased.

We feel the fact should have been brought out earlier for we know how the students will feel about something like this reflecting on their college.

After the last theft the police were notified about the loss and are doing their best to get the person or persons responsible for these crimes.

We can only hope that the person who is pulling the stunts will be caught before this kind of action goes any further.

Since there is a possibility that the culprit is a member of the student body, we sincerely hope that anyone who knows anything about these actions will do his best to curb the condition before it becomes too common.

Orientation is Acceptable, According to Class Survey

It looks as if orientation is here to stay at Foothill College. At least this is the impression given from the survey taken in the orientation classes near the end of the course, according to Arla DeHart, dean of students.

Of 165 students that took the survey, 121 felt that the information given and the material covered was such that Orientation I should be required of all freshmen, De Hart said.

Students also indicated that the method of writing the material in the handbooks was good because having to rewrite the ma-

terial helped them retain it.

DeHart was well satisfied with the results of the orientation survey and felt that more of the faculty would benefit by giving some type of survey of their classes. The purpose of these surveys would be to obtain an understanding of the students' thoughts about subject material and the matter of its presentation.

Students who took the orientation test felt that more time should be spent on learning how to take examinations and on selection and investigation of a suitable occupation.

Foothill Art Student Has Paintings Shown

A Foothill College art student is exhibiting several of her oil paintings at the Palo Alto Library, 1213 Newell Road. The exhibit began Jan. 5 and extends through Feb. 2.

Estelle Grunewald, who is studying basic design under the instruction of Kenneth Orrett, does contemporary style painting. She rarely paints scenes from reality, but begins with a color pattern, and completes her scene from memory.

Mrs. Grunewald has exhibited many other times and is now an exhibiting member of Gallery House and the Palo Alto Art Club.

Foothill Sentinel

is a publication of the Associated Students of the Foothill College, published twice monthly, except during examination periods, by journalism students in room 107.

Don't look now but there is a thief in our midst. Too bad a college has to put up with garbage of this type. Does anyone have a suggestion for a design on a filtration system to be included with entrance exams?

Sandy Killian, special activities chairman had quite a time with the arrangements for a ski trip scheduled for Washington's birthday. It seems that one Roland Mays stood up in student council and gave a pep talk.

Words More Powerful!

It was so effective that all those students that signed up but failed to turn in their money came running with wallets in hand. Just goes to show that you can't underestimate the power of speech — or maybe its the power of the phrase that goes: look what you will be missing.

Benson Ellis, instructor in Zoology, decided to put a little life in the usual dissecting process of the tried and true frog. It seems

the frogs, which were ordered alive, continued being quite active even after the application of chloroform. Rather nerve wracking when you have to hold the down while you remove the various entrails.

Library Hours Clash

In a letter to the editor the library be available at a little earlier hour for the sake of the night students. We go along with this for it seems that by the time the library opens, classes have already started. By the time classes end the library is closed. Does anyone else agree with the need for improvement in this condition. If so drop us a note.

Letters To The Editor

Vets

To the editor:

We are well underway in organizing one of the largest and most prominent organizations of Foothill College. This is a job that will require much help. No small group can do this alone.

There are approximately 77 veterans enrolled in this school. At our meeting we've been averaging 21 per cent attendance. For the elections, 60 per cent voted. This is a good percentage, but it is not good enough. We don't want 50 or 60 per cent. We want a perfect record of 100 per cent. There is no reason why we can't have 100 per cent membership.

Every veteran should take pride in an organization such as this. In number we are large enough to have a strong voice in school functions. It will benefit all and it will make for a better college.

Membership in the Veterans Club is in three categories: 1) full membership is granted any registered student who has served on active duty in the Armed Forces of the U.S. and has been honorably separated or released to reserve status; 2) Associate membership is granted to any registered student presently on active duty in the Armed Forces of the U.S., or who, by public law of Congress, receives veterans' benefits; and 3) Faculty membership is granted any faculty member who has served on active duty in the Armed Forces of the U.S.

I sincerely wish that you would seriously consider enrolling in our organization. Our meetings are held every Monday at noon. You will be notified through the daily bulletin of any changes. Hoping to see you there, I remain,

Respectfully yours,

Art Kuzniewski, President
Veterans Club of Foothill
College

Library Hours

To the editor:

How about opening the library at 6 or 6:30 p.m. for evening students?

Joan Beau
23991 Spaulding

Speakers Bureau Takes Form Here

Foothill College will soon organize a College Speakers Bureau, according to the college Faculty Newsletter.

The Speakers Bureau, which will be run on a voluntary basis, will address various community groups without cost.

The Bureau, designed to coordinate speeches given by faculty members, is working on a director of speakers and topics which will be published soon.

Vets Elect Kuzniewski President

The first officers of the Veterans Club are: president, Art Kuzniewski; vice-president, Dick Arimborgo; secretary, Jim Allen; treasurer, Dick Crosslin.

The purposes of the club are to promote the interest and welfare of the veterans at Foothill, and to distribute all important information pertaining to the rights and benefits of the veterans, according to the club constitution.

The membership of the club consists of (1) Full Membership: any registered student who has served on active duty in the Armed Forces of the United States. (2) Associate Membership: any registered student presently on active duty in the Armed Forces of the United States. (3) Faculty Membership: any faculty member who has served on active duty in the Armed Forces of the United States. The Faculty Members are entitled to all privileges with the exception of holding an office.

Horse Riding Club Formed At Foothill

Seen any slow moving, groaning students around campus? If you have, it's a possibility they are members of the Foothill Horseman's Club, a organization now under formation on Campus.

Kay Henderson and Jim Brainerd are organizing the club. The one thing they are asking of members is that they have a real interest in riding, and that they will want to take an active part in the group.

The club has been thinking about an all day ride and a dance and barbecue in the near future. There are 17 members registered in the club at the present time but there are only five active members at present.

Arrangements are being made now for a regular meeting place and the announcement of it will be made in the daily bulletin.

ASFC Secretary Becomes Engaged

Two more Foothill students announced their engagement, they are, Carolyn S. Barber and H. H. Moussa.

Carolyn, Secretary of the Foothill student body, is the granddaughter of Colonel and Mrs. W. Otwell. Herb is the son of Mrs. Mary Moussa.

An engagement party will be given for the respective families on Feb. 8 by Miss Barber's grandparents at their home in Bar Park.

Carolyn and Herb have not yet set a date, but they believe the wedding will take place in the early summer. Among attendants will be Miss Mary Moussa, Herb's sister, also attending Foothill, Mrs. Norman Bylsma, Carolyn's sister; Leo Flynn, acting as best man, Donald Yu Al Garcia will be ushers. All attendants, with the exception of Mrs. Norman Bylsma, are graduates of Foothill College.

Alma Mater Presented At Dedication Of Union

This is the Foothill College alma mater written by Mel Applebaum and set to music by Dr. Fred Warren.

Oh, Foothill we raise
our voices in praise
for all of the joys we've known

Your scarlet and black,
will beckon us back,
no matter how far we roam.

By the bay and the blue of Pacific's shore
lies the campus we'll love forevermore

Oh, college so fair
There's none can compare
with you, Alma mater we love.

This Alma mater, our school song, was presented to the student body along with the dedication of the new student union. The song was then approved by the student council with the stipulation that Applebaum and Dr. Warren could revise parts as they see fit. It's the feeling of Dr. Warren that it is important to invoke sentimentality toward the song. This will be accomplished by the student body upon listening to repeated performances.

LITTLE MAN ON CAMPUS

"—JUST WANTED YOU TO KNOW YOU'RE UNDER SUSPICION OF HAVING CHEATED ON MY LAST TEST—YOU PASSED IT."

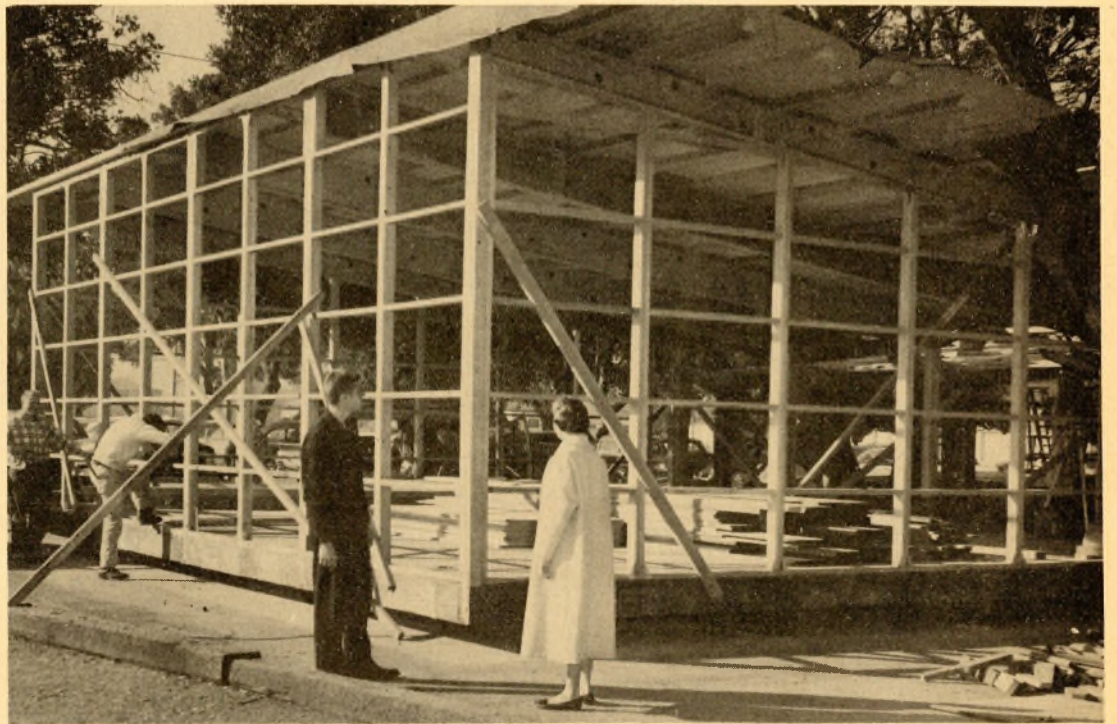

THE GROUNDWORK, THE OAKS, AND THE OWL. Short months ago only these elements were visible to the Foothill student. Construction had just begun on the most modern building on Foothill's campus. Behind the foundation and the owl lies the old building used expressively for a storage room for the bookstore. Now this building is hidden behind its new sister the student union.

AND COFFEES JUST A NICKEL TOO—Sharon Ridel, Nick Bouja, Pat Florence, Bob Wentz and Peggy Rey have a quiet discussion over coffee and cigarettes.

GOOD AND LOUD—The College band plays at the opening of the Foothill student lounge.

UNFINISHED STUDENT LOUNGE—Two Foothill students, Walt Kaufman and Sandy Lyle look over the skeleton of our now completed student lounge. The lounge was officially dedicated on Wednesday Jan. 13.

STUDENT UNION DEDICATION. Pat Kettle leads Foothill students in the singing of the new alma mater song.

LETS GET STARTED—Students and faculty get acquainted at the beginning of the "Hoot Hop."

BOPPING OR WALKING?—Students and two members of the Foothill college staff try a little bit of a fast song.

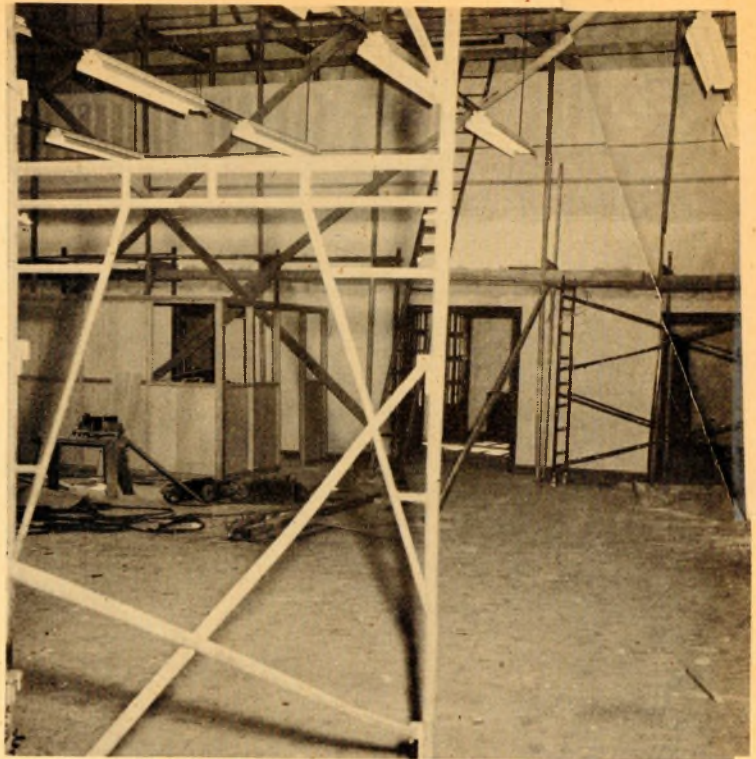

PRESIDENTS MEET—Johnny Allen congratulates Ray Babb on winning the athletic council elections.

MASCOT ON HIS BACK! The winds blew and the rain fell leaving the recently elected Foothill mascot on his back...

minus one nose. A tragedy only for awhile according to Dr. Calvin Flint. Dr. Flint has instigated repairs via sculpture

and plaster on the treasured owl. Soon the honored mascot will be upright whooping his followers on to victory.

WORKING ON THE LIBRARY. Workmen begin improvements on the library.

WISE OLD OWL—Dr. Calvin Flint re-beaks Foothill College's new mascot.

COMPLETION LIBRARY—Foothill students are taking advantage of the completion of the library.

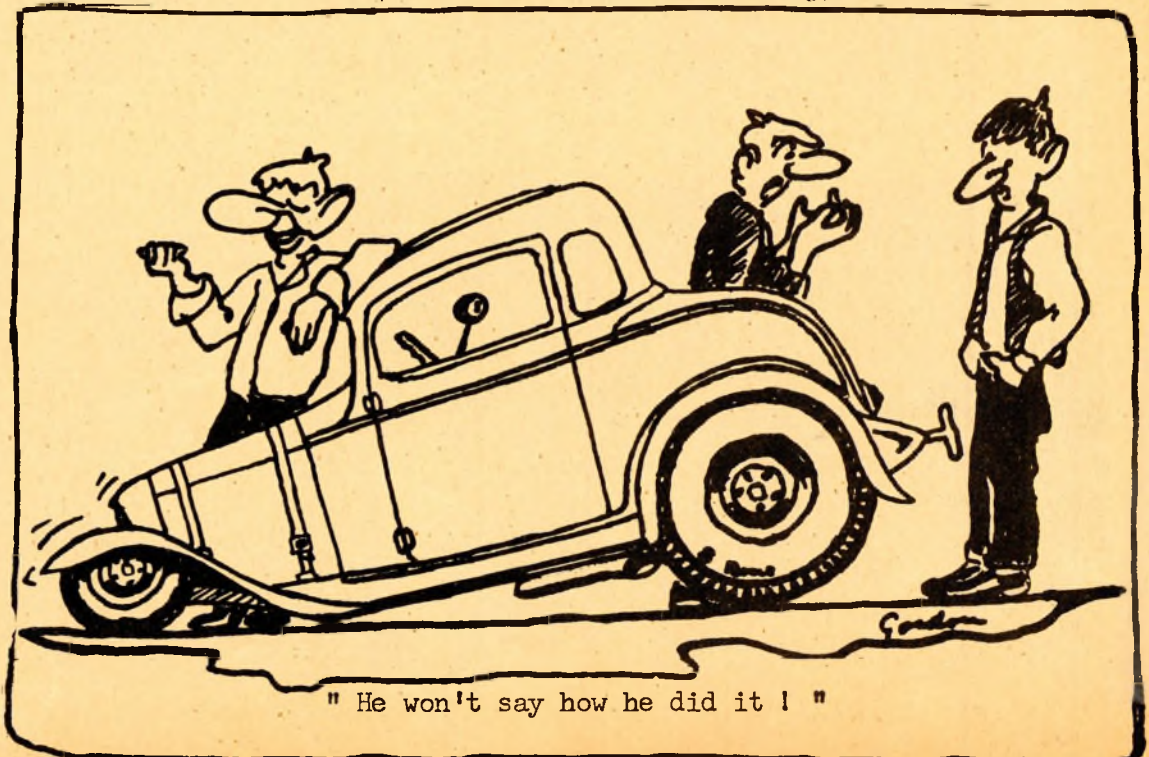

Mrs. Jean Jope visited the business 1a class to demonstrate a braille typewriter to this class. Dick Wentz and Glee Thompson are looking at a page of braille while Joanne Irky and Miss Maierhoffer take a closer look at the actual typing being done by Mrs. Jope.

COUNSELING OFFICE—Denny Britton, Sentinel's City Editor checks with counseling office for registration information.

ARM STRAIGHT, HEAD DOWN SHERI!—Bob Siebenthal prompts Sheri Baldwin in the fine pointers of Golf. Golf is now being offered by Foothill College for P. E. requirements.

"He won't say how he did it!"

Dr. Guerra Instructs Through Vidio Waves

Dr. Manuel Guerra, Foreign Language instructor at Foothill College is currently teaching Spanish to 853 teachers twice a week over KQED T.V. This is in addition to the 25,000 children which he instructs.

The system used in this type of teaching is the use of pictures, objects and dramatizations which facilitate use of the English language. This system was perfected in New York and Dr. Guerra brought it to teachers at the University of California Demonstration School this summer.

Dr. Guerra suggested nine ways to improve the Foreign Language program, among them were: (1) Persuade the leaders to appoint a committee to work on the problems of articulation on a state-wide basis, for elementary school through university. (2) Promote television instruction in Spanish for both educational and commercial stations. (3) Courses in Russian, Japanese, and Chinese be experimented upon.

DR. MANUEL H. GUERRA
Foreign Language

Defense Act Introduced Thru Improved Courses

Improvement of human resources will be introduced at Foothill College through modification of teaching techniques according to Dr. H. H. Semans, dean of instruction.

Human resources, as they pertain to National Defense, will be concentrated upon due to the passing of the National Defense Act by congress last year. This will be done through the use of new methods of teaching and materials, putting stress on such equipment as audio visual aids.

Dr. Calvin C. Flint has appointed a four man committee to coordinate the act. Members of the

Business Classes See Braille Writer

Mrs. Jean Jope, a part time day student, demonstrated the Braille-writer to Miss Marie Maierhofer, business class.

Mrs. Jope writes books and lessons for blind children. She learned her braille writing through the Adult Education classes in Palo Alto and now writes as a public service, for no profit to herself except the satisfaction she gets out of helping others.

It took Mrs. Jope 12 weeks to learn the braille typer and train for writing the lessons. She first learned how to use the slate and stylus for writing but now is a competent braille typist.

committee are: Dr. H. H. Semans, Arla DeHart; Dr. Nathan H. Boortz and Ervin L. Harlacher.

Junior colleges may obtain federal funds through the following: Title II, student loans; Title III, improvement of instruction in math, science and foreign language; Title VII, research in television, radio and motion pictures. Title VIII, improvement of technical education.

Student loans under Title II permit up to \$1,000 a year for five years at low interest. Nine parts of the loans are paid for by the federal funds and one part by the college.

Dale Cochran Now New Money Man

Dale Cochran replaced Wayne Childers as Commissioner of Finance at Foothill College.

A freshman at Foothill College, Cochran was named Commissioner of Finance following Wayne Childers departure from the college campus. The new commissioner is an 18 year old architectural major. He was sworn in at a council meeting on Tuesday, Jan. 13.

The ex-Commissioner of Finance, Wayne Childers, attended Foothill under the G.I. Bill, was a graduate of Booneville High School in Arkansas. He was a business administration major.

VA VA VOOM—Foothill co-ed Alba Osorio, in her native Colombian dancing costume, entertained at the St. Francis Hotel in S. F. Jan. 10.

Foothill Student Miss Entertains at S.F. Hotel

Students Practice Arbitration Hearing

Industrial management students participated in a mock arbitration hearing in two evening class sessions recently.

Those students enrolled in Supervisory Techniques classes were divided into two groups, the "company" and the "union." Then, with the help of William Creelman of the Lockheed Industrial Relations Division and their instructor, Edward Rogers, they practiced arbitration from an actual case adapted for the class.

MR. FRED WARREN
Music Director

Warren Receives Doctor's Degree

Fred Warren, instructor in music at Foothill has informed that he has received his Doctor of Education Degree from the University of California in Los Angeles.

Dr. Warren received the news of his degree after taking his oral examinations Jan. 6.

"Music in the Adult Education Programs of the Public Junior Colleges" is the subject of his doctoral dissertation.

The music for Foothill's recently approved alma mater was written by Dr. Warren.

Dr. Warren is a graduate of New York University and obtained his M.S. Degree from the University of Southern California. He is now president of the new Foothill College Faculty Association.

Miss Alba Osorio, 16 year old Foothill student entertained at the Reunion of the Society of the Americas in the Georgian Room of the St. Francis Hotel in San Francisco.

Alba and her 15 year old brother Luis Enrique, a senior at Menlo Atherton danced three typical Colombian dances, the Bambuco which is a highland dance; the Bunde also performed in the highlands; the Galeron danced by the Central Colombian cowboys.

The daughter of Dr. Luis Enrique Osorio, a professor of Sociology of Spanish-America at Stanford University, Alba came to the United States to learn English, she wants to learn at least five foreign languages, she also plans to finish her education in Colombia but since American courses are not accepted in Colombia she must go back and finish high school before she can enter one of the 10 colleges in Bogota, Colombia.

Foothills Colors Scarlet, Black

Foothill students have chosen the colors scarlet and black to represent their college.

The students of Foothill selected their traditional colors last Jan. 9. The colors up for choice were: Green and gold, red and gold and scarlet and black.

These colors will now be used for mascot school jackets and sweaters and all team uniforms. Students were able to see proposed colors on display in the hall. Examples of each combination were shown.

The combinations were picked by the student council, then voted on by the student body.

Students had previously named the owl as their traditional mascot.

AS I SEE IT

BY BOB SIEBENTHALL

Next semester the various physical education classes will finally be on a normal schedule. The team sports sections have been tearing up the Sunnyvale Indian Bowl while the shower and locker rooms were under construction. Since this problem is now eliminated these classes will activate the outside playing area for the first time in organized athletics at Foothill.

The new grass turf on the other side of the basketball courts will be used for touch football. The P.E. department still offers golf, bowling, and swimming to round out the credited activity.

Coach Bill Abbey has already started the ball rolling in his bid to obtain some of the finest coaches available. His desire is to complete his coaching staff for next fall when Foothill's inter-collegiate sports program goes into full swing.

Presently he is simply accepting applications for these openings and will not make any decisions until he feels that he has had sufficient time to study the qualifications and background of each applicant.

The results of the New Year's Day football encounters concluded "Pigskin Prognosis." I picked four winners out of six, with one loss and one tie. My overall record which includes mostly the latter half of the season was 16 wins, 8 losses, and 2 ties.

Ski Trip Slated At Soda Springs For Foothillers

Thirty-seven students will head for the snow country at Soda Springs, California over the Washington's Birthday holiday, Feb. 21-23.

Foothill has chartered a 1958 model bus from the Bay Area Transportation Company. It is equipped with radio, heater, and air conditioning.

The group will stay at the Old Soda Springs Hotel, a well-known winter resort. They will sleep in dormitory accommodations.

The hotel has a restaurant, dance floor with a juke box, and a game room.

There will be skiing, ice skating, tobogganing, and no doubt plenty of snowball fights. Other activities will be on tap also.

Sandy Killian, special events chairman, and Roland Mays are directing the affair. Sandy said, "Roland was chosen because he is an advanced skier and has considerable experience in planning this type of trip."

Ski equipment is being rented from the various ski shops in the vicinity. Some shops are said to give special rates to students.

Chaperones for the trip will be Miss Joan Seavey, Mrs. Ruth Bryant and Mr. Donald Frazer.

The students will be looking forward to a real snow ball!

OWLS ARE CHAMPS

Last week the Owls and Hoots volleyball teams met in a three game tournament. They split the first two games before the Owls nicked the Hoots by a 15-12 score. Each team member of the winners will receive awards for their efforts.

SCHOOL CAR PURCHASED

Foothill College has purchased a new car for faculty and student use. The car, a 1959 Ford, was purchased by the Board of Trustees for use on field trips and school business.

Vogul, Mufich Take Bowling Tourney

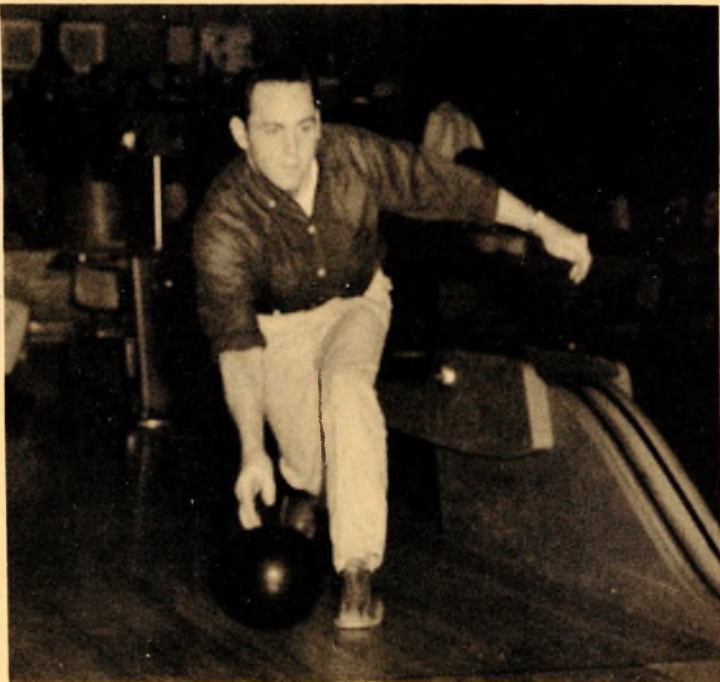

Paul Vogel came from behind with a final 233 game to grab first place honors at the Foothill Open Bowling Tournament at the Indian Bowl, while Judy Mufich easily won in the women's division.

Vogel led the men's division with a 538 series and was closely trailed by Domingo Roldan with a 528. Roldan had a 216 high game. Ray Babb edged out Dick Arimborgo by two pins with a 492 series to take third place.

Mufich rolled a 475 series in her triumph. Following her came Carole Ann Kosek with a 409 and Norma McMasters totaling 390.

About 50 men and women participated in the tournament. The series winners will receive a trophy which will be given out at the intramural banquet to be held at the end of next semester.

The tournament was open to all students and faculty and it probably will not be the last one since this one was such a success.

PAUL VOGEL EXHIBITS his form at the Foothill Open Bowling Tournament held recently at the Sunnyvale Indian Bowl. He was the "dark horse" of the affair as he captured high series (538) and the high game (233) of the day. As a result he nabbed the trophy for the Men's Division.

PROGRAM OUTLINED

Intramural Officers Selected by Students

By SHERI BALDWIN

Nearly 300 ballots were cast at the recent election for intramural council officers with Ray Babb and Cecil Kuntz taking the top positions of president of the men's and women's division respectively.

Other elected officers for the men's division are as follows: Vic Bennight, vice-president; Bob Reading, secretary; and Louie Mateo, treasurer. Positions filled in the women's division are: Kay Henderson, vice-president; Molly Robinson, secretary and Jill Shaffer, treasurer.

These leaders of the intramural program will meet and schedule activities for the spring semester. Each meeting will be attended by the athletics chairman (appointed by student council) who will assist in the development of future plans. He will also act as liaison between the student council and the intramural council.

Each officer recognizes his duty, thus insuring Foothill of a well organized program.

More good news, sport fans, archery and badminton equipment has been ordered and will be here soon. Small footballs have also been ordered for the women, which goes to show that women no longer just like to sit back on the side lines watching the men play. Hope that the equipment arrives faster than the locker rooms did!

Co-ed sports will still be bowling, badminton, and volleyball. Archery will be added to the program. Sorry fellas football will not be co-ed this time. Hope many students participate in these activities.

The following schedule will be the tentative one for the spring semester. For the remainder of January - Basketball practice (mixed) - Jan. 27, 29, February 10, 17, 19, 24, 26 - Basketball, Men, Official Games. February 10, 12, 17, 19, 24, 26 - Basketball practice - Women.
 March: Touch Football, Basketball, Golf Meet.
 March 3, 5, 10 - Touch Football Practice - Men.

March 12, 17, 19 - Touch Football Games.

May 5, 7, 12, 14, 19, 21, 26 - Badminton Practice.

May 28 - Badminton Tournaments (Men and Women and mixed)

May - Foothill College Sports Day.

June: Softball And Banquet for awards presentation.

June 2, 4, 11 - Softball Tournament.

June - BANQUET FOR PRESENTATION OF AWARDS.

As a finale to the sports program there will be a banquet at which trophies will be given to individual sports winners. Medals will be given to first place winners in team competition.

In closing I would like to congratulate the new intramural council and wish them success with their program. Rah team - go fellas - lets all get out and participate in sports and show the other colleges that Foothill exists.
