HELEN EUPHRAT GALLERY NEWS:

Announcement of and events for the current cartoon show are enclosed.

The book STAYING VISIBLE: The Importance of Archives is available at \$6.50 plus tax (that makes \$6.92) for the rest of the year. Produced by the Gallery in conjunction with the fall exhibit, the book is challenging reading and has life stories of California artists, some local. See enclosure.

Cartoon books by well-known Bay Area cartoonists and posters of various kinds are available in the Gallery. From \$1 to \$25 or more, these items make exciting, top-quality stocking stuffers and gifts. Some of the posters are available through tax deductible donations.

Euphrat Gallery is beginning to sponsor art exhibits in the lobbies of local corporations. Give us a call if you wish more information.

The January exhibit will be on "crossovers" between art and technology on the Peninsula, where there is so much talent in both areas. This exhibit is fun . . . and it "moves." Watch for it.

Stop by to see the exhibits and share your views.
