

EUPHRAT GALLERY coverage in FOCUS magazine

In the June 1983 edition of FOCUS magazine, there are 5 pages devoted to artist Luz Bueno. A section describes the ARTECH and Art by Hand exhibit at the Euphrat and states that Bueno is a featured artist -- in fact, she has a major wall and is the center of attention on entering the Gallery. The FOCUS copy is printed on a red background and, unfortunately, does not reproduce for our documentation purposes.
