

when she was four years old and has had an enduring interest in art. Cindy enrolled in art classes both at high school and at De Anza College.

JOE BENISH has a Masters degree in Electrical Engineering from Texas A & M University. He worked for many years both at General Dynamics and at Lockheed in a supervisory position in electrical engineering. Joe had a cerebral vascular accident in 1976 which left him partially paralyzed. He had dabbled in art prior to his stroke but more recently has devoted more of his time to painting.

BOB WHITELAW has a B.A. in art from San Jose State University. He was Director of Art at ESL in Sunnyvale until he suffered a cerebral vascular accident two years ago. Since then he has continued taking art classes at De Anza College.

PAM IVEY is a quadriplegic as the result of a car accident in 1972. She always enjoyed art in high school and had painted a bit. However, she became more serious within the past two years and spends many free hours pursuing this interest.

\*\*The exhibit has been hung so that disabled persons in wheelchairs might be better able to view the works.
